

## Company Overview

- **Name & Registration**

Expert Petroleum Services is an Algerian-registered company focused on delivering solutions to oil & gas clients and representing international service providers

- **Mission & Vision**

We aim to empower the oil & gas workforce through cutting-edge expertise, safety, and innovation. Our training division (Expert Training Center) emphasizes top-tier education and practical skills development

- **About us :**

At Expert Petroleum Services, we are a leading provider of comprehensive solutions in the petroleum industry, offering expertise in various services and representing international companies. With a commitment to excellence and innovation, we strive to exceed client expectations, drive industry progress, and contribute to sustainable development.

## Core Services – Expert Petroleum Services

1. **Production Enhancement & Optimization**

- Real-time reservoir diagnostics
- Well stimulation (e.g., fracturing, acidizing)
- Artificial lift systems
- Flow assurance

2. **Well Intervention**

- Wireline logging
- Coiled tubing
- Snubbing
- Hydraulic workovers
- Live well interventions
- Pressure control diagnostics

3. **Well Integrity**

- Surface diagnostics
- Corrosion and leak detection
- Casing and tubing evaluation
- Well integrity management systems

4. **Unconventional Shale Gas & Wellsite Management**

- Multistage hydraulic fracturing
- Geological and geomechanical analysis
- Horizontal drilling support
- Environmental and regulatory compliance

5. **Training & Technical Consultancy**

- Courses for engineers and field operators
- Drilling, coiled tubing, wireline, and monitoring programs
- Consulting, assistance, evaluation, and development of training programs

6. **Business Consulting & International Support**

- Consulting and assistance for national and international enterprises in the fields of industry and energy

- Representation and commercial agency services for foreign companies and industries
- Representation or commercial agency for foreign public institutions
- Commercial agent services on behalf of strategic foreign partners
- 7. **Scientific & Economic Events Organization**
  - Organization of conferences, workshops, and economic forums
  - Support for industry-focused scientific events in Algeria and abroad
- 8. **Petroleum Services Company Operations**
  - Technical and commercial support across the oil & gas value chain
  - Partnering with leading petroleum technology companies
  - Supporting operations, logistics, and service deployment across upstream and midstream sectors

## Value Proposition

- Offers **innovative, technology-driven solutions** ensuring safety, efficiency, and sustainability
- Leverages **advanced simulators and software**, alongside a **highly skilled workforce**
- Represents international technical service companies, handling everything from vendor registration to project hand-over

## Locations & Contact Info

- **Algeria Office**  
Route National N24, Résidence Badi, Bâtiment 01, Local 03, 1er étage, Boumerdès, Algeria  
☎ +213 247 946 50 • ✉ [contact@expsdz.com](mailto:contact@expsdz.com)
- **Qatar Office**  
Al Fardan Commercial Tower, Al Funduq Street – 814, Building 12, Floor 14, Doha, Qatar  
☎ +974 4410 1555 • ✉ [sahraoui@expsdz.com](mailto:sahraoui@expsdz.com)

## **Training Division (Expert Training Center)**

- **Purpose:** Equip professionals with modern skills in production enhancement, well intervention, well integrity, and unconventional operations

**Programs range from courses for entry-level to advanced operators and engineers, including:**

- FODP 1 – Drilling
- FODP 1 – Well Testing
- FODP 1 – Cementing
- FODP 1 – Coiled Tubing
- FODP 1 – Wireline
- FODP 1 – Stimulation
- FODP 1 – Pressure Pumping
- FODP 1 – Geology
- FODP 1 – Pipeline Transport
- FODP 2 – Lab Technician
- FODP 1 – MUD Logging
- FODP 2 – Electronic Tech
- FODP 2 – Mechanical Tech
- FODP 1 – Fibre Optique
- FODP 1 – Well Completion
- FODP 1 – Forage
- FODP 1 – Frac
- FODP 2 – Well Service
- FODP 1 – Well Completion
- FODP 1 – Well Integrity
- FODP 1 – Slickline Operation
- FODP 1 – Well Control
- QHSE and Safety
- Technical Sales in Oil and Gas
- Formation en Sécurité de Travail
- Formations en Logiciels pour Divers Secteurs
- Formation en Informatique Bureautique
- Charpente Métallique
- Data Acquisition
- Web développement
- Ui/Ux Design
- AI autoation (deep learning, machine Learning, Python)
